VISION: We are the leader in innovative, customer-centered government.

MISSION: To continually improve public services that enhances the community for citizens and future generations of St. Clair County.

Citizens of St. Clair County

Enclosed herein are the Operating Budgets for St. Clair County for 2006 operations. They have been adopted for the calendar period ending December 31, 2006, and are presented in conformance with Public Act 2 of 1968 and Public Act 621 of 1978, known as the "Uniform Budget and Accounting Act". Although the budgets are shown by revenue/expenditure type (Taxes, Supplies), the actual level of control is at line item (Property Taxes, Office Supplies).

This budget document is organized by type of fund. Included are the:

General Fund - By far the largest fund for County operations is the General Fund. It accounts for 57 departments or activities including the Courts, Treasurer, Clerk, Elections, Register of Deeds, Building Maintenance, Sheriff, Jail, Prosecuting Attorney, Drain Commissioner, Emergency Preparedness, Veterans Counselor, Animal Control and Information Technology. It also makes appropriations to other specific and separately accounted for Funds.

Special Revenue Funds - These funds are used to account for revenues from specific sources and related expenditures, which are restricted for specific purposes by administrative action or law. There are 20 specific funds and they include the Health Department, Child Care, Planning, E-911 Wireless and Landlines, Substance Abuse, and Deeds Automation. Also included are the four special voted millage funds for Library, Parks and Recreation, Drug Task Force and Senior Citizens.

Other Significant Funds - This document also includes the budgets of the Airport and Landfill.

THE BUDGET PROCESS

The process to create these budgets started in May 2005 with the creation of a computerized General Fund budget model. In June the departments started working to create their requested budgets for the next year. They submitted their requests to Administration in July, who then called a meeting of a Budget Committee made up of department heads and staff personnel. The Committee for the 2006 budgets included members from Equalization, Human Resources, Information Technology, District Court, Prosecuting Attorney, Administrator/ Controller, Landfill, Health Department, Planning, Jail, and Treasurer.

The Committee was asked to research and formulate strong recommendations for the future to help the County maintain its strong fiscal position. In October, and after several meetings, the Committee presented their recommendations to the Administrator/Controller and the Board of Commissioners. The Administrator/Controller also presented a balanced budget to the Board of Commissioners in October.

After several Board of Commissioners budget workshops and a public hearing regarding the budgets, the Board adopted the budgets on November 16, 2005. State law requires a budget be adopted prior to the start of the next fiscal year.

FINANCIAL ISSUES

In the creation of these budgets the County encountered the fact that generally revenues continue to be reflective of a stalled Michigan economy and, specifically, that we are faced with reductions in State revenues, while property taxes (our largest revenue item) increased at 4.3%. A 16.3% increase in Charges for Services is based primarily on the expected receipt of Federal Marshal prisoner revenues for 64 beds in our new Jail/Juvenile facility. The net result is a relatively flat revenue stream, with total revenues slightly lower in 2006 than in 2005.

In these budgets we receive over \$11,309,000 in State revenues (our third largest revenue item). As the State of Michigan continues to have trouble balancing their own budget we know we will be faced with further reductions of unknown amounts. These State revenues are primarily made up of programmatic dollars that are being systematically reduced, as departments of the State are required to reduce their own budgets.

In 2005 the County opened its new Jail/Juvenile facility to house 400 adult inmates and 70 juvenile inmates. The facility is quite comprehensive, with significant changes from the old theory of housing inmates. It includes among other things a "Learning Academy" with classrooms, and facilities for intensive counseling of inmates, all with the hope of changing the behavior of inmates before they re-enter society.

With the opening of the facility came the need to add approximately 70 new employees that are included in the 2005 and 2006 budgets. This addition, coupled with programmatic reductions in State revenues, has put a strain on the County's ability to balance the budgets and maintain the same level of service it has historically provided. As we work through the operational costs of the new facility the County will be looking further at the other services we provide.

To balance the 2006 budgets, the County made the decision to reduce its workforce by 14 full-time, part-time and seasonal employees, including the elimination of an internal department, in areas that would allow the County to continue to maintain a high level of service. Although the budgets are balanced it should be noted that virtually all departments are being held to 2005 levels, or lower, for part-time, overtime, temporary help and consumable goods and services. In some cases (consumable goods and services) the County will not be able to continue to budget this way in the future without serious impact on services to our citizens.

HOW THESE BUDGETS SUPPORT OUR ORGANIZATIONAL FOUNDATION

Human Capital – These budgets, not including the Jail/Juvenile Facility, include 14 fewer full-time, part-time or seasonal employees as the County reviews its service levels.

Capital Assets and Technology – Included in these budgets are monies for replacement of small office equipment items and several significant items, including scheduled replacement of computers and servers, parking lot seal coating, various vehicles and heating/cooling replacements at the Health Department.

Corporate Initiatives – These budgets include support for various initiatives including Transportation planning, Web page development, and the new Jail/Juvenile facility.

WHERE THE MONEY COMES FROM

The state taxable value of our County increased 5.4% over 2005, from \$5.6 billion to \$5.9 billion (the 2005 increase over 2004 was 5.1%). The General Fund will receive approximately \$31.1 million in property tax revenues in 2006. The four special voted millage funds will receive another \$10.2 million for their specific purposes.

Another \$10 million will be received for the Revenue Sharing Reserve Fund. This fund was created by the State when they eliminated Revenue Sharing from the Counties, and replaced it with a change from a winter tax collection to a summer tax collection. Effectively, the taxpayers will pay 4 years of taxes in 3 years. The extra

collection will fund the Revenue Sharing Reserve Fund and allow the County to transfer approximately \$3.2 million per year for about 9 years. When the Fund is exhausted the State has promised to restore its revenue sharing contribution to the County.

The County operating tax rate for 2006 is 5.3265 mills, which is slightly reduced from the 2005 rate of 5.3287 mills. The County is allowed to levy 5.77 mills for operations, however the rate is being reduced over time due to the effects of the Headlee Amendment. In fact, the impact of the Amendment is a loss of approximately \$2.6 Million to general operations in 2006. The special voted millages also have been reduced by this amendment. Two of these special voted millages, Library and Senior Citizens, will be on the ballot in 2006 for voter re-approval.

In the General Fund the County collects taxes for 2006 of \$189.37 per resident for County operations. The total amount collected represents 58.2% of all General Fund revenues.

Other large items of revenue in the General Fund include State revenues and Charges for Services revenues that represent 7.4% and 11.8%, respectively, of total revenues.

The County's total collection of 2006 property taxes used in the General Fund, the Revenue Sharing Reserve Fund and in the Drug Task Force, Library, Parks & Recreation and Senior Citizens special voted millage Funds represents \$312.32 per resident.

WHERE THE MONEY GOES

In general, the County allocates money to a wide variety of services, both mandated by law (ie. Clerk, Prosecutor, Jail), and non-mandated (ie. Information Technology, Cooperative Extension, Road Patrol). We also provide citizen mandated services by extra voted millage funds in the Drug Task Force, Library, Parks & Recreation and Senior Citizens

In 2006 the General Fund will expend 61.0% of its budget on personal services (ie. wages, fringes) and 20.3% on Other Services and Charges (ie. utilities, court appointed attorneys).

The General Fund will also expend 15.9% of the budget on direct appropriations to other Funds. These appropriations are made to other free standing Funds that require General Fund monies to operate. An example would be the 2006 appropriation to the Health Department Fund of \$2,370,095. It is used to fund many Health Department programs that have a heavy demand for service or are mandated but are not entirely paid for with other revenues (ie. Nursing, Dental & Vision, Environmental Health). Without this appropriation many of the Health Departments well used programs would not exist.

In 2006 total expenditures in the General Fund represent a per capita expenditure of \$325.31. A breakdown as a total percent of the budget and per capita costs by category would look like this:

- Legislative (including insurances) – 2.4% or a per capita of \$7.72
- Judicial - 20.4% or a per capita of \$66.40
- General Government – 26.3% or a per capita of \$85.38
- Public Safety – 32.2% or a per capita of \$104.66
- Public Works - less than 1/10 of a percent or a per capita of \$.76
- Health and Welfare – 2.7% or a per capita of \$8.66
- Appropriations to other Funds – 15.9% or a per capita of \$51.73

The total General Fund operating expenditure budget of \$53,427,754 represents a 1.2% decrease over the 2005 amended budget and a 1.1% increase over the original 2005 budget.

Capital investment for 2005 includes a new heating/cooling system for the Health Department building, significant improvements to our technology system including expanded public access, several vehicles, and parking lot improvements.

CONCLUSION

The budget is a policy statement by the Board of Commissioners to the citizens of our County. It provides information to the public on the funding priorities and programs that have been established. Likewise, the budget is a plan. It provides a roadmap for departments, offices and agencies to use in implementing the programs funded by the Board. And, like most plans, the budget is a flexible document that is subject to change as needs emerge, more information becomes available, or priorities change.

The proposed budgets:

- Provide operating revenues that are sufficient to support current operating expenditures
- Provide sufficient maintenance and replacement dollars to ensure that County facilities are properly maintained
- Protect the County's General Fund reserves
- Provide for the first full year of operations of the new Jail/Juvenile facility
- Provide for our continuing efforts to keep the citizens of the County informed
- Give the County time to review its operations to determine what services will be provided to the citizens of the County in the future and how they will be funded

As we look beyond 2006 we see the challenges that will present themselves from funding sources like the State of Michigan, internally from challenges to our tax base,

and the erosion of available service dollars by items like health care. Invariably, the budgets included in this document will be amended to include our responses to these items, and the many more that will appear this year.

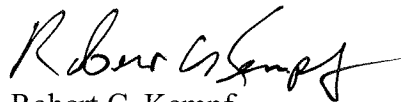

We would like to express our appreciation to all the members of the various departments who assisted and contributed to the preparation of the 2006 budgets and to this report. We also express our gratitude to the Board of Commissioners for their interest and support in the difficult and drawn out process that culminated in the passage of the 2006 budgets.

Comments or questions regarding any of the information provided in this report or requests for additional information should be addressed to our office, or contact us at 810-989-6905. You can also visit our website at www.stclaircounty.org.

Respectively submitted,

Shaun S. Groden
Administrator/Controller

Robert C. Kempf
Deputy Controller/Finance Director

RESOLUTION 05-39

ST. CLAIR COUNTY
2006 GENERAL APPROPRIATIONS RESOLUTION

WHEREAS, the Uniform Budgeting and Accounting Act, Public Act 621 of 1978, as amended, requires that each local unit of government adopt a balanced budget for certain funds; and

WHEREAS, County Departments, the Courts and others have submitted budget requests as required by the Act, including those with requests for a County Appropriation; and

WHEREAS, the County Administrator/Controller has considered these requests and has submitted a proposed budget to the Board of Commissioners' as required by statute; and

WHEREAS, the Board of Commissioners' has received the proposed budget and have made recommendations for modification to the Administrator/Controller; and

WHEREAS, the Board of Commissioners' has held the required Public Hearing regarding the proposed budget: and

WHEREAS, the Board of Commissioners' annually adopts a budget and authorizes appropriations subject to the conditions set forth in its annual General Appropriations Resolution: and

WHEREAS, the budget contains anticipated revenues and expenditures from various grant programs, which will also require approval of agreements with granting agencies at various times during the fiscal year.

THEREFORE BE IT RESOLVED, that the 2006 St Clair County General Fund Budget, as attached and marked "Exhibit A" is hereby adopted on a basis consistent with the Public Act 621 of 1978, as amended,

BE IT FURTHER RESOLVED, that the following tax levies are hereby authorized for the 2005 tax year/2006 budget year for a total County levy of 7.1018 mills, including levies for general fund operations and special purpose millages:

| | |
|--------------------|--------|
| General operations | 5.3265 |
| Drug Task Force | .2803 |
| Senior Citizens | .4998 |
| Library | .4998 |
| Parks | .4954 |

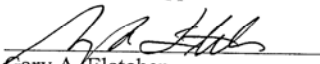

BE IT FURTHER RESOLVED, that the revenues received by the County under Public Acts 106 and 107 of 1985 (Convention Facility Tax revenue) shall not be used to reduce the County's operating millage as defined by Public Act 2 of 1986 and that 50% of the actual Convention Facility Tax revenue not used to reduce the County's operating tax rate will be transferred to the Substance Abuse Fund with the remaining revenues to be deposited in the General Fund.

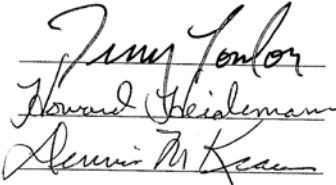

BE IT FURTHER RESOLVED, that the revenues received by the County under Public Act 264 of 1987 (Health and Safety Fund Act) shall not be used to reduce the County's operating millage and that 11/17 of the actual revenues will be appropriated for public health prevention programs, 5/17 of the actual revenues will be appropriated for jail facilities and that 1/17 of the actual revenues will be appropriated for general services in accordance with the Act.

BE IT FURTHER RESOLVED, that the adopted budget is based on current estimates of revenues and expenditures, and that the Board of Commissioners', upon recommendation by the Administrator/Controller, may find it necessary to adjust budgeted revenues and expenditures from time to time during the year.

BOARD OF COMMISSIONERS

The Board of Commissioners is the Legislative and Policy-making body of the County. It consists of seven (7) members, elected every two years, by district. The term of the current Board ends on December 31, 2006.

The Judicial/Public Safety, Human Services, Ways & Means and Environmental/ Public Works Committees of the Board meet on the first Wednesday of each month at 6:00 p.m. The Board of Commissioners regularly scheduled meetings occur on the third Wednesday of each month at 6:00 p.m.

Most meetings of the Board and its Committees take place in the Commissioners Room located in the Administrative Building, 200 Grand River, Port Huron, Michigan. Occasionally, usually in the summer months, the Board will hold their meetings at various locations throughout the County. The Board also holds special meetings as needed and quarterly workshops to discuss specific issues.

CIRCUIT COURT

The Circuit Court is the trial court with the broadest powers in Michigan. In general, the Circuit Court handles all civil cases with claims of more than \$25,000 and all criminal cases where the accused, if found guilty, could be sent to prison. The family division of the Circuit Court handles all divorce, paternity, juvenile offenses, and child abuse and neglect cases. In addition, the Circuit Court hears cases appealed from another court or by an administrative agency.

The 31st Circuit Court of St. Clair County is dedicated to protecting rights, dispensing equal justice in all matters, and providing the highest quality of professional services in a prompt and polite manner recognizing and respecting the dignity of each person served by the Court.

PROBATE COURT

The St. Clair County Probate Court handles cases in three major areas: decedent's estates and the supervision of trusts; guardianships and conservatorships of both minors and adults, and cases involving the mentally ill.

Decedent's estates and the supervision of trusts: When someone dies and has property, the Court can be asked to "probate", or administer the person's property, or "estate." The Court appoints a personal representative for the estate who gathers the assets, pays the bills and distributes the estate. When the Court supervises a trust, it makes sure that the terms of the trust are carried out. It also decides any disputes concerning the trust.

Guardianships and conservatorships: The Probate Court decides if a person cannot manage her/his daily life (guardianship) or finances (conservatorship.) The court also decides who should serve as a guardian or conservator to help such a person. The Probate Court may appoint a guardian or conservator of a minor or a guardian or conservator of an adult. If a person is a developmentally disabled adult a guardian of the person or of the estate may be appointed. This type of guardian is called a plenary guardian.

Cases involving the mentally ill: If a resident of St. Clair County is mentally ill and a danger to herself or others, the Court may order that person to get treatment. If the Court determines that an individual is a person requiring treatment, it must determine the duration and kind of treatment.

The Court offers a bi-monthly training seminar for guardians and conservators. This seminar is offered as an ongoing effort to increase compliance with court orders by guardians and conservators. Staff conducts the training. The Court recently published a Guide for Guardians and Conservators.

FAMILY DIVISION – CIRCUIT COURT

The Circuit Court Family Division has jurisdiction over matters of delinquency, neglect, adoption, parental waiver, personal protection orders and domestic (divorce) cases. The Family Division also controls the Child Care Fund that is included in a separate budget. The Family Division structure is created by an agreement between the Circuit and Probate Courts with the approval of the Michigan Supreme Court.

DISTRICT COURT – PROBATION

The function and purpose of the District Court Probation Department is to provide pre-sentence investigations to the Judges to assist them in the sentencing of misdemeanor offenders and to provide probationary supervision for those offenders for up to two years. The department makes determinations of restitution and provides disbursement to victims. It also provides community service programs as alternatives to incarceration for qualifying non-violent offenders.

FAMILY COUNSELING

The Family Counseling program is supported by a \$15 fee from each marriage license issued by the St. Clair County Clerk. The funds collected are utilized to support counseling as required by individuals that have problems related to domestic issues. The Personal Protection Order Coordinator Office is also partially supported by this program. The program is administered by the Circuit Court Family Division.

ADMINISTRATOR/CONTROLLER

The positions of County Controller and County Administrator were combined by action of the Board of Commissioners in 1985.

As County Controller the department functions under the Michigan Controllers Act, Public Act 257 of 1927, as amended. The Controller is the chief accounting officer of the County and has the charge and supervision of the accounts and accounting of every office, officer and department of the County.

As County Administrator the department is responsible for preparation of budgets, reports, resolutions and communications for the Board of Commissioners, as well as serving as a liaison between County Departments and the Board of Commissioners. The Administrator/Controller's Office has the task of developing systems and programs that will enable the County to provide more effective and efficient services to our citizens.

Risk accounting is the process of identifying proper risk levels for the County to maintain with our property and liability insurance. Staff investigates, submits and tracks incidents for property and liability and act as a direct liaison with our insurance carrier, as well as coordinate damage repairs with vendors.

PURCHASING

The Purchasing division of the Administrator/Controllers office provides assistance to the various departments in their purchasing needs. Small office supply contracts and a procurement card system are in place to facilitate purchasing of items, as well as the use of purchase orders. Purchasing also works to consolidate existing service contracts and assists departments in the bidding process for fixed assets. (Note: This new division previously was included in the Administrator/Controller Department section of this document.)

ACCOUNTING

The Accounting division of the Administrator/Controllers office provides accounting, accounts payable and receivable, budgetary, fixed asset management, and auditing services to the various funds and departments of the County. A system of accounts is organized under the rules and regulations of the State of Michigan and is maintained to accumulate, classify, and report on the financial activities of the County departments.

A system of accounts payable is maintained to handle the payments to the many vendors the County deals with on a daily basis. The system maintains a vendor base of over 5000 vendors and over 12,000 vendor checks are issued each year. A system of accounts receivable is in place to assist the many departments that have contracts and grants with their billing and accounting for monies owed the County.

Oversight of the annual budget process is administered in this department. The annual budget is governed by the tenets of the Michigan Uniform Budgeting and Accounting Act (Public Act 621 of 1978, as amended). After the creation and adoption of the annual budget it is monitored for compliance.

Other duties performed in the Accounting department include financial forecasting, the development of fiscal policies and procedures, the design and implementation of accounting and financial reporting systems, servicing and accounting for the County's short and long term debt, and developing options for the financing of capital projects.

CLERK - Continued

EQUALIZATION

The Equalization Department annually advises and assists the Board of Commissioners in determining the true cash value of the county and equalizing the property tax assessments on a countywide basis. To achieve this task, the department conducts annual sales and appraisal studies to sample each class of property. These studies are used to equalize assessed values for all classes of property in all thirty-one local units of government within St. Clair County.

The process of County Equalization is mandated by Section 211.34 of the General Property Tax Act of the State of Michigan, which states in part that the County Board of Commissioners shall examine the assessment rolls of the townships or cities each year for uniformity and equity.

The General Property Tax Act goes on to state that the County Board of Commissioners of a county shall establish and maintain a department to survey assessments and assist the Board of Commissioners in the matter of equalization of assessments.

The Equalization Department's main purpose is to correct the inequities that may occur between local units of government as a result of under or over assessment of a property class. The Equalization Department does not determine individual assessments, that task is the sole responsibility of the local assessor.

Equalization is also responsible for the updating of real property tax rolls and creating tax maps so all records have current names, addresses and land descriptions. They also review land division requests for compliance with the Land Division Act. Before any of the changes can take effect, approval from the local unit of government must be obtained by the person(s) requesting the change on special forms available at our office or from the local assessor. They also offer land information, mapping and property information as an online service to the public.

HUMAN RESOURCES

The Human Resources Department provides a unique role to both the residents and employees of St. Clair County. A resident considering employment with the County can contact the HR Department for a listing of available positions. In addition, residents with an interest in obtaining more information about employee policies, wages, fringe benefits, classification structure or the labor organizations representing employees may do so on-line or in person at our office.

The HR Department provides a full range of support services to all County departments and employees. These services include payroll and fringe benefit management, employee and labor relations' management and workers compensation administration.

PROSECUTING ATTORNEY

The Prosecuting Attorney is a member of the executive branch of County government and is independent of the Michigan Attorney General.

The Prosecuting Attorney is responsible for a wide array of legal functions for the County, including:

- Act as the chief law enforcement officer of the County
- Review, authorize and prosecute violations of felony and misdemeanor criminal laws of the State of Michigan and County ordinances committed inside the County
- Authorize and prosecute felony and misdemeanor juvenile delinquency offenses
- Represent the State and the County in criminal matters before the District & Circuit Courts; juvenile delinquency, parental neglect and miscellaneous probate matters in the Family Court, and appeals in the Court of Appeals and Michigan Supreme Court
- Advise the Family Independence Agency on child abuse and neglect petitions, and represent the Agency in actions to terminate parental rights
- Attend contested mental health commitment hearings in Probate Court
- File and prosecute actions to establish paternity
- File and prosecute actions to establish or enforce child support orders

TREASURER

The St. Clair County Treasurer handles the accounting for all county revenue, investment of idle funds, collection of delinquent taxes, reconveyance of property; and the certification of deeds and plat maps.

The department also provides record keeping for various state agencies and is responsible for recording and correcting all but current year changes made by local Boards of Review, Michigan Department of Treasury or the Michigan Tax Tribunal.

COOPERATIVE EXTENSION (MSU)

St. Clair County/Michigan State University Extension (MSU Extension) helps people improve their lives through an educational process to identify the challenges facing and develops educational programs to address those issues. Extension offices in counties throughout the state link research of the states land grant university, MSU, with the issues of concern in local communities. MSU Extension provides information and offers educational programs in agriculture and natural resources, youth and families, and community and economic development. Local citizens serve on the County Extension Council and help select current focus areas for programming.

In addition to the staff funded by the county (and noted below), MSU Extension funds the County Extension Director and 4-H Youth Extension Educator. State and local grants and contracts fund 2 additional Extension Educators and 7 program assistants in Parenting, Health and Nutrition, 2 after-school 4-H program assistants, and 2 Americorps members for the Youth Mentoring Program.

INFORMATION TECHNOLOGY

The Information Technology Department (I.T.) is an internal services department of the County, which manages and maintains all county data and telecommunication systems and their supporting infrastructure.

A primary goal of the Information Technology Department is to facilitate technologies of specific departments and other entities throughout and outside the county enterprise through use of the county network. This network provides immediate access to information that may be stored anywhere within the county infrastructure. It allows the shared use of storage, printers, modems, and other devices, and grants access into other organizations and global informational resources. It is available to all users at all times.

As the differing technology disciplines - data, voice and video - continue to converge into a single IP-based infrastructure, the County, through I.T., has proactively begun development of an integrated phone system that ties not only the campus sites together, but also connects remote locations.

The I.T. department utilizes several service providers to facilitate connectivity between sites and the county network, non-county networks (such as the state of Michigan network) and the Internet, including Ameritech, AT&T and the Regional Educational Service Agency.

DRAIN COMMISSIONER

The Drain Commissioner's Office is responsible for the public health, convenience and welfare of St. Clair County citizens by providing leadership in storm water management, flood control, and environmental issues pursuant to the Michigan Drain Code and other state and local laws.

The St. Clair County Drain Commissioner is dedicated to providing good drainage for agriculture, homes, and businesses; to protecting riparian rights, natural resources, and water quality; and to managing our waterways for multiple uses: recreation, fishing, swimming, boating, scenic value, and wildlife habitat.

The County Drain Commissioner is an elected official with a four-year term. The Drain Commissioner is elected county wide in a partisan election at the same time as the U.S. Presidential election.

The Drain Commissioner's Office is independent of the County Board of Commissioners, other than for its administrative budget and the supplying of office facilities and equipment. Funds for the construction and maintenance of county drains are raised by levying of special assessments from the drainage districts of waterways established as drains by a petition process. The Drain Commissioner manages these drainage district funds separately from the county's general budget. St. Clair County has approximately 400 county and inter-county drains, comprising about 850 miles of the county's waterways.

The Drain Code states that the Drain Commissioner's administrative, clerical and engineering expenses not directly attributable to a drainage district shall be paid from the county's general fund. It also states that drain maintenance employees may be hired whose wages and fringe benefits shall be reimbursed to the general fund from the drainage districts. The Drain Office's Equipment/Repair Operator, Drain Inspectors, Fieldmen and Laborers, are employed as drain maintenance employees whose costs are reimbursed to the county general fund.

The St. Clair County Drain Commissioner is also a statutory member of the County Parks and Recreation Commission and serves on the Bi-national Public Advisory Council for the St. Clair River Area of Concern, the Local Emergency Planning Committee, and as an advisor to the St. Clair County Water Quality Board. He serves on the Drainage Boards of all Intercounty Drains that affect St. Clair County. He is also the administrator for a number of water quality grant projects funded by the Clean Michigan Initiative and federal Section 319 funds. These include the Mill Creek Volunteer Monitoring Project, the Illicit Discharge Elimination Program, the Pine River Geomorphology Study, the Galbraith Drain Floodplain Restoration Project, and the Village of Avoca Innovative Waste Water Treatment Project using constructed wetlands to treat septic waste.

DRAIN COMMISSIONER – Continued

Enabling Legislation

The Drain Commission's office functions under the authority of the following laws: the Michigan Drain Code (Act 40, P.A. of 1956, as amended), the Land Division Act (Act 288 of 1967, as last amended by Act 87 of 1997), the Condominium Act (Act 59 of 1978), the Mobile Home Commission Act (Act 96 of 1987), Common Law Natural Flow Rights and Local Ordinances.

Products

The Drain Commissioner has published rules for review of storm water drainage in developments. These rules are available from the Drain Office. Maps of the County drains and natural watercourses in each township are also available.

MOTOR POOL

The Motor Pool is a division under the umbrella of general county administrative services; and is coordinated and administered through the MSU Extension office.

Overall Objective:

- Administer and maintain the county motor pool as the preferred mode of transportation for employees conducting county business, priority given to out-of-county travel, while minimizing and/or reducing the amount of personal mileage reimbursement.
- Provide safe and reliable transportation to increase the utilization of motor pool vehicles by county employees.
- Provide a cost effective system, which ultimately will become self-supporting and will allow for consistent rotation of vehicles for maximum utilization.

The Motor Pool maintains four vehicles that are identified by County logo decals on both front doors and also bear municipal "X" plates.

Personnel for this program are included in Cooperative Extension (MSU)

SHERIFF COMMUNICATIONS

The St. Clair County Sheriff's Office Coordinated Dispatch Center was established in 1988 under a program approved by the County Board of Commissioners and participating local units of government, which include Marysville, Marine City, Memphis, Capac, St. Clair and Algonac.

The Coordinated Dispatch Center, which comes under the direct control of the County Sheriff, provides emergency communications and dispatch services for local police, fire and E.M.S. services throughout St. Clair County. The Coordinated Dispatch Center is also the largest of three 911 PSAP's in St. Clair County handling approximately 40,000 911 calls per year.

St. Clair County instituted a County-wide 911 system in 1994 and since then has established Phase I Wireless E-911 service throughout the County. Phase II Wireless E-911, which will give the exact location of a cellular phone caller, is expected to come on line within the next year.

MARINE PATROL

The St. Clair County Marine Patrol is a division within the Sheriff's Department charged with the responsibility of upholding the laws and providing public safety on the waterways and adjacent shoreline areas of St. Clair County, Michigan.

The Michigan Department of Natural Resources and the County of St. Clair fund the Marine Patrol jointly. Under the original Public Act #303 (1967) and amended by Public Act #451 (1994) all Michigan counties may apply for grants through the Michigan DNR. These grants permit the DNR to fund up to 75% of a county's marine operational and equipment costs. The individual county provides the remaining funds.

JAIL - Continued

INMATE BILLING

The Inmate Billing program administers the collection process regarding prisoners housed in the County Jail. State law allows Counties to bill and collect from each prisoner an amount per day for their time spent incarcerated in our facility. Inmate medical services are also collected from the inmate or their medical insurance carrier.

Personnel in this program are included in the Jail.

OTHER CORRECTIONS ACTIVITIES - COMMUNITY CORRECTIONS GRANT

Since 1994, St. Clair County has annually adopted a comprehensive community corrections plan.

The community corrections plan is developed by the St. Clair County Criminal Justice Coordinating Board in partnership with the Michigan Department of Corrections and provides for joint funding of community based sentencing and pretrial supervision programs for non-violent offenders.

EMERGENCY MANAGEMENT

The Office of Emergency Management is authorized through federal, state, and local legislation to provide an emergency plan for the county and communities. This plan is a multi-hazard plan that addresses natural, technological and terrorism incidents. Emergency planning involves people from all agencies and at every level of government, and requires careful coordination during emergency situations to reduce the potential for loss of life, property damage and the disruption of our daily lives. The office and a task force are now the coordination point for Homeland Security within the county.

Testing the plan through simulated exercises occurs on a regular basis. Lessons learned through these exercises allow us to continue to improve our preparedness and response capabilities. In addition, several committees meet on a regular basis to review changes in technology and situations that occur throughout the country and world.

EMERGENCY MANAGEMENT - Continued

HAZARDOUS MATERIALS HANDLING

The St. Clair County Board of Commissioner's and every community within the county have partnered to fund a hazardous materials response team, which became operational in 1999. The structure of the team is completely volunteer, with approximately 40 members from all different fields of expertise. Each team member has received over 80 hours of advanced hazardous materials training which additional monthly team training supports. In addition, members attend special training both within the state and out of state to enhance their response abilities.

The team is administered by the Office of Emergency Management and has a Command Staff in place for team operations. The Command Staff insures that one officer is available at all times to respond and assist the Incident Commander with technical information in the event a full team response is not needed.

The team has also been designated by the State of Michigan as a Regional Response Team for Weapons of Mass Destruction (WMD) incidents within the state. The team has sophisticated detection and response equipment for chemical and biological incidents and recently was the first regional response team in the state to be sent to a potential WMD incident.

ANIMAL CONTROL - Continued

ANIMAL CONTROL - SPAY/NEUTERING PROJECT

The state law requires every animal shelter to make arrangements for spaying and neutering all dogs and cats that are sold. The animal can be altered prior to the sale or a deposit can be required and when the new owner alters the animal the deposit is returned. If the person does not alter the animal within the prescribed time the deposit is forfeited to the county. The law indicates that the money that is not refunded must be used for spay/neutering promotions of programs.

St Clair County has set up this account to keep track of this program. We place all spay/neutering deposits also any donations for this program in this account. We spay/neuter all cats 4 months and older before they are sold, the cost of this procedure and any other expenses such as advertising, supplies, that are related to this program are also taken from this account

DRAINS – PUBLIC BENEFIT

This program is where the estimated costs of drain assessments to the county-at-large by the Drain Commissioner for construction, maintenance, inspection, and repair of county and intercounty drains are accounted for.

Unless grants or funding from other public corporations is available, all work on county and intercounty drains is paid for by special assessments to the drainage districts (or watersheds) of the drains. These assessments are apportioned by the Drain Commissioner “for benefit derived” to landowners in the drainage districts; to townships, cities and villages in the districts; and to the county at large.

The amount of the county’s at large assessments can vary from year to year, depending on demand and project schedules in the Drain Commissioner’s Office. This budget line item represents only an estimate of what the assessments may be.

VETERAN'S COUNSELOR

This department investigates and advises regarding issues between many agencies (local, state, and federal) and veterans and their families. Prepare and forward data, information, and status to requesting agencies and claimants. Staff assess, analyze, and inform clients about specific entitlements and how they apply to them, interpret evidence and decisions, and assist claimants in preparing his/her application applying all reflective regulations, case precedents, and general counsel opinions from submission to the Board of Veterans Appeals. It facilitates, schedules, and coordinates transportation to VA Medical Facilities (partnered with the Disabled American Veterans Transportation Network and St. Clair County Council on Aging). The department also identifies potential local, state, and federal agencies that may assist a claimant with other programs outside of our scope of services in efforts to link clients to other services.

PARKS AND RECREATION

The St. Clair County Parks and Recreation Commission is funded by a special millage for the purpose of improving parks and recreation services in St. Clair County.

The St. Clair County Parks and Recreation Commission currently operates the 327-acre Goodells County Park and the 12.5 mile long Wadhams To Avoca Trail.

The Commission expects to complete the purchase of 16-acres of land and the lease of an additional 14-acres of land on Lake Huron in Fort Gratiot Township for the future Fort Gratiot County Park. Phase I development of the park is expected in 2006.

The Commission assists local units of government with the development and promotion of various sections of the proposed 54-mile Bridge To Bay Trail, and operates a portable stage, two portable bleacher units and crowd control barriers for community events.

The Commission is attempting to acquire additional property for future development as parks and the extension of non-motorized trails.

The Parks and Recreation Commission distributes 25% of the property tax collected back to local units of government, based on their populations, for the development of local parks and recreation facilities and programs.

FRIEND OF COURT – ACT 294

The Friend of Court – Act 294 Fund was established by the State legislature to insure that there was money available for the office of the Friend of Court to enforce support orders. The Legislature directed that the County Clerk transfer filing fees into the fund from all new divorce filings. The Federal and State governments reimburse 66% of all expenditures of this fund.

HEALTH DEPARTMENT

The Health Department, by statute, is the arm of County government with responsibility for the monitoring and enforcement of the Health Codes as promulgated by the State of Michigan.

The St. Clair County Board of Commissioners has appointed a five member Board of Health who meets monthly and serves in an advisory capacity and as a review board for department activities and policies.

The St. Clair County Health Department has nine divisions with services as follows:

- Program Planning, Budgeting, Administration, and Evaluation
- On-site Sewage Disposal
- Private Ground Water Supplies
- Public Swimming Pool Inspections
- Campground Inspections
- Mobile Home Park Inspections
- Family Independence Agency Inspections
- Food Service Sanitation
- Environmental Complaints
- Radon Consultations
- Lead Abatement
- Bathing Beach Water Testing
- Emergency Preparedness Plan (health/medical sections)
- Public Drinking Water Systems
- Communicable Disease Control/Prevention
- Childhood Immunizations
- Adult Immunizations/Foreign Travel
- Family Planning Services
- HIV Counseling and Testing
- Maternal/Infant Support Services
- Children's Special Health Care Services
- Vision/ Hearing Screening
- Personal Care/Homemaker Services
- Adolescent Health (School Based Clinic)
- Immunization Registry
- Public Health Nursing
- Water analysis
- STD diagnosis
- Pregnancy testing
- Selected blood chemistries and hematology
- Biologic inventory and distribution
- Educational Programs and Presentations

HEALTH DEPARTMENT - Continued

- Consultation services to Schools and the Community
- Community Health Assessment
- Nutrition Assessments
- Nutrition Counseling/Education
- Food Coupons
- Primary Dental Care for Medicaid Clients, 3-1/2 years to 21 years of age
- Dental Health Education
- School Dental Cleaning and Fluoride Program
- Smile Savers Program (primary dental care for uninsured, low-income children)
- Protect A Child's Smile Program (CANCo.)
- Treatment Programs Contract Management
- Screening, Referral and Follow-up
- Death Investigation
- Death Certificates
- Cremation Permits

SUBSTANCE ABUSE

The Substance Abuse Fund accounts for revenues received from the State of Michigan under Public Act 106 and 107 of 1985, as amended, and commonly called "Convention Facility/Liquor Taxes". The State requires the County to use ½ of the monies received for substance abuse programs within the county and ½ for general operations. This program is administered by the Health Department.

METROPOLITAN PLANNING

The St. Clair County Metropolitan Planning Commission works to guide the growth of the County by developing comprehensive community wide planning programs that establish policies and plans to guide economic, physical, and social development.

The County Board of Commissioners has appointed eleven citizens to serve as the Metropolitan Planning Commission. Members represent various sectors or interests within the county including local government, education, agriculture, real estate, public utilities, and industry. Representation is county-wide with an appointee from each County Board of Commissioner district and three members at large. A staff of professional planners, analysts, technicians, and administrative support staff assist the Commission.

The Planning Commission contributes to the County in many ways, including:

Countywide Planning - The Commission and staff perform countywide planning in the following areas: land use; transportation (through the St. Clair County Transportation Study, SCCOTS); environmental (watershed, water quality, and solid-waste planning); housing, and economic planning. Members of the Commission and staff also set on a number of countywide and regional planning committees.

County Board of Commissioners - The Commission and their staff provide assistance to the Board of Commissioners through corporate planning initiatives, research, and data analysis. Commission and staff serve on committees and task forces as requested by the Board of Commissioners, and the Commission completes special projects and reports as requested.

Operational Activities - There are a number of operational activities performed by the Commission and their staff. They include: coordinating transportation improvement project funding through the St. Clair County Transportation Study; awarding and administering housing rehabilitation loans and grants in cooperation with the Economic Opportunity Committee of St. Clair County (a private non-profit agency); and the execution and administration of several environmental grant programs.

Community Assistance - The Commission and their staff provide planning and zoning assistance to local communities through review and recommendations on local land use plans and zoning ordinances. Local grant applications are also reviewed and coordinated with other agencies and adjoining communities that may be affected by a proposal. The Commission conducts research on planning and zoning matters on behalf of local communities, provides sample ordinances, and collects and disseminates data. The Commission provides educational opportunities to local communities with annual fall and winter training sessions, and will organize and conduct specialized training as requested. The Commission also maintains a large planning library open to the public. The library includes copies of all local community land use and recreation plans, as well as local zoning ordinances.

METROPOLITAN PLANNING - Continued

Public Assistance - The Commission and staff provides data and conducts limited research for citizens and the public at large. The Commission can also provide aerial photography, wetland maps, topographical maps and soils surveys.

The MPC Chronicle - The Commission publishes a newsletter highlighting current planning and zoning topics, activities of the Commission, agency reports, and new products. The newsletter is available by contacting our offices, or by visiting the County website.

Regulatory Function

The Metropolitan Planning Commission is formed under the authority of the County Planning Act, PA 282 of 1945. The Commission has authority to conduct activities throughout the County, including incorporated and unincorporated areas.

PUBLIC IMPROVEMENT

The Public Improvement Fund is used to account for earmarked funds set aside for new county facilities, improvements to facilities, and technology related capital improvements. Projects of the County Capital Improvement Plan are commonly placed in this fund for implementation. An operating transfer from the Landfill is used to fund these items.

LIBRARY

The mission of the St. Clair County Library is “Connecting You To A World Of Information”. We serve the citizens of St. Clair County with 11 locations in various parts of the county. The Main Branch of the Library is located in Port Huron. Other branches are in Algonac-Clay Township, Capac, Ira Township, Kimball Township, Lakeport, Marine City, Marysville, Memphis, St. Clair and Yale.

A wide variety of library services include: programs for children and adults; material including books, CD, VHS, DVD and audio books; public use computers and Internet access; reference services and computer classes. Adult literacy and materials for special needs populations are also available. Interlibrary Loan can be used for material not in our collections. Our catalog and web page are accessible online.

The Board of Commissioners appoints a five member Library Board of Trustees to oversee the operations of the Library.

Funding for the library system is provided by state and local sources as well as a special voted millage.

COMMUNITY AND HOUSING REDEVELOPMENT

St. Clair County's Community and Housing Redevelopment Fund provides financial assistance to income-qualified residents in need of bringing their homes up to minimum health and safety standards set by the federal government. The County receives grant funds from the Michigan State Housing Development Authority and awards low interest loans to homeowners who meet certain criteria to assist with the necessary rehabilitation work. As these loans are repaid they are deposited back into this fund and subsequently loaned to other homeowners.

The St. Clair County Metropolitan Planning Commission administers this program.

DRUG TASK FORCE

The St. Clair County Drug Task Force uses every legal means available to search out and eliminate drug trafficking within St. Clair County. Where evidence is found to point to drugs emanating from another jurisdiction, the Drug Task Force makes every effort to work with other agencies from that jurisdiction to eradicate the flow of illegal drugs into St. Clair County. The officers who comprise the work force of the Drug Task Force take a proactive approach to policing, using the concept of a totally integrated team effort by all officers. All agencies within St. Clair County receive enthusiastic support and assistance from the Drug Task Force in their efforts to effectively control and eradicate the social problem of narcotics trafficking and use.

The Drug Task Force is funded with a special millage dedicated to its use.

FAMILY INDEPENDENCE AGENCY

The Family Independence Agency functions under Act 280, of the Public Acts of 1939. This act revised the old social welfare laws of superintendents of the poor, Act 148, of the Public Acts of 1869.

The 3 member Agency Board was created in Act 280, of the Public Acts 1939, and is empowered to oversee certain operational aspects of the Agency. By the Executive Organization Act of 1965, the Department of Social Welfare and the state organized Bureau of Social Aid we merged together and functioned as a single Department of Social Services. The name was later changed to the Family independence Agency.

The Agency assists people in need of public assistance to provide basic necessities such as food, housing, clothing and medical services. Vulnerable individuals such as children, the disabled and the elderly are afforded protection from exploitation and abuse.

Funding for this program is primarily from the Federal and State governments and all employees are employed directly by the State.

CHILD CARE FUND

The Child Care Fund was created by statute to provide for care, support, and other requirements that minors coming within the jurisdiction of the Circuit Court Family Division may require. The expenses incurred in this fund include, but are not limited to, the following: foster care, group homes, private and public institutions, state training schools, medical care, psychiatric care, shelter care, detention, clothing, independent living and other items that are deemed necessary for the care and support of minors found under the jurisdiction of the Court.

The Child Care Fund comes under the control and jurisdiction of the Circuit Court Family Division through the Michigan Juvenile Code MJC 712.A.

The Child Care Fund also accounts for the activities of the Day Treatment/Night Watch program. The program allows juveniles who are not able to attend a more traditional form of high school to complete their high school education in a 24-hour a day-controlled environment.

The Child Care Fund also accounts for the activities of the Juvenile Detention Center. The Center provides for the immediate custodial needs of its residents. It provides pre-trial detention of those charged with serious offenses, those awaiting hearings, placement, evaluation, or youth detention as a response to violations of probation rules.

DAY TREATMENT/NIGHTWATCH PROGRAM

The Day Treatment/Night Watch Program is a community-based program designed to work with high-risk delinquent youth who might otherwise be placed in a state or private institution. Day Treatment assesses the needs of the youth and their families in order to determine the skills they need to learn to function more efficiently as a family unit. Consequently, it is the aim of the Program to provide an array of services, which will teach parents to become more effective in the management of their children and, in turn, assist the youth in the management of their own behavior.

The Day Treatment/Night Watch Program provides a full range of programming, such as drug screening, drug and alcohol education, family support groups, family counseling, recreational activities, community services, education and vocational services and surveillance monitoring. All youth are supervised, monitored, and held accountable twenty-four hours a day, seven days a week through the use of home checks and/or an active electronic monitoring system.

JUVENILE CENTER

St. Clair County Juvenile Center is a short-term holding facility for youth, 12 to 16 years old. These are both male and female youthful offenders who have violated the juvenile law. Crimes range from simple larceny all the way to murder.

One of the major Juvenile Center services is the school program. Recently we began a charter school at the Juvenile Center. The school was chartered in 2004 and is called the St. Clair County Intervention Academy. Seven teachers are contracted to work with the

JUVENILE CENTER - Continued

youth throughout the year and all work completed is transferable to the students home school upon release. Additionally, the Center receives health service through the St. Clair Co. Teen Health Center. The counseling and assessments are provided on site by facility staff. An intensive residential treatment program is provided for 40 adjudicated youth.

DEEDS AUTOMATION FUND

The Michigan State Legislature enacted PA 698, which was signed into law on December 30, 2002 and became effective March 31, 2003. It increased the fees collected by the Register of Deeds office and also created an Automation Fund for upgrading technology in the Register of Deeds office.

It directed that the Register of Deeds deposit \$5.00 of the total fee collected for each recording into an automation fund. The County was also directed to establish an automation fund for this money and the County Treasurer was charged with the responsibility of investing the funds and crediting the interest to the fund.

The Register of Deeds is charged with expending the fees from the fund to upgrade technology and purchase equipment and supplies to automate the procedures to receive, enter, record, certify, index, store, search, retrieve, copy and otherwise process documents, instruments, abstracts, maps, plats and other items recorded and maintained by the register.

Department Personnel are included in Register of Deeds.

FAMILY COUNSELING

The Family Counseling program is supported by a \$15 fee from each marriage license issued by the St. Clair County Clerk. The funds collected are utilized to support counseling as required by individuals that have problems related to domestic issues. The Personal Protection Order Coordinator Office is also partially supported by this program. The program is administered by the Circuit Court Family Division.

LOCAL CORRECTIONS AND TRAINING

The Local Corrections and Training Fund was established in compliance with Act 124 of 2003 which imposed a \$12 booking fee on each inmate when first admitted into a county jail. The booking fee, when collected, is to be used as a source of revenue for the local corrections officers training and/or inmate substance abuse and mental health programs.

BROWNFIELD REDEVELOPMENT

The Brownfield Redevelopment Fund is used to account for earmarked funds set aside for the St. Clair County Brownfield Redevelopment Authority (SCCBRA). The Brownfield Redevelopment Fund also accounts for federal and state grant funds received by the SCCBRA. This program is administered by the Metropolitan Planning Commission.

Public Act 381 – PA 381 is the legislation that enables Brownfield Redevelopment. The legislation is active for duration of 5 years (ends 2007). The Act provides authorities multiple tools to encourage redevelopment, including tax increment financing, revolving loan funds, and single business tax credits.

On July 28, 2004, to combat the financial and community drain by abandoned industrial and commercial properties, the St. Clair County Board of Commissioners unanimously approved the establishment of the St. Clair County Brownfield Redevelopment Authority (SCCBRA). Under state law, a Brownfield Redevelopment Authority is the only way to access certain financing incentives to address assessment and redevelopment activities. St. Clair County anticipates utilizing its SCCBRA in three specific ways:

1. To assist key developments in communities that may be averse to establishing their own Authority as part of ongoing economic development efforts and/or to protect key environmental assets.
2. To assist specific developments in communities that may have a very few number of potential Brownfield sites or limited staff to administer a redevelopment project.
3. To systematically administer and redevelop tax reverted property that the County may come to own.

By operating an authority on behalf of municipalities that concur with the provisions of the Plan it is the mission of the SCCBRA to assist in the mitigation of environmentally challenged properties while preparing them for desirable and productive reuses which will enhance the community's tax base.

REVENUE SHARING RESERVE FUND

The Revenue Sharing Reserve Fund was established in 2004 by the State of Michigan for the collection of additional tax revenues as a replacement of the State Revenue Sharing program. The State mandated the collection of taxes shift from winter to summer and be phased in over time. The County may transfer an amount each year from this extra collection to the General Fund, until it is exhausted. Once gone the State will reinstitute the Revenue Sharing program.

AIRPORT

St. Clair County International Airport provides commercial and general aviation services. Adjacent to the airport there is an 80-acre Michigan Certified Business Air Industrial Park. The United States Customs, Border Protection, and the Department of Agriculture are available 24 hours a day for international flights into the United States.

The airport is equipped with Pilot Controlled Lighting, Automated Weather Observation System and an Instrument Landing System, and is open 24 hours a day for the ease of our corporate, cargo, medivac/lifeline and private customers. The terminal office is staffed Monday through Friday 8:00 a.m. – 5:00 p.m.

LANDFILL

St. Clair County owns and operates one active landfill, two household hazardous waste collection centers, and ten recycling drop off centers. The County also maintains one closed landfill. The management of these facilities and the programs that they support are the responsibility of the Landfill Department located in Smiths Creek.

Departmental Services

Landfill

This Department is responsible for the management of solid waste disposal services for St. Clair County. To provide those services, the Department supervises the design, construction, operation, closure, and post-closure maintenance of the Smiths Creek Landfill, as well as post closure maintenance activities at the Thomas Road site in Kenockee Township. The Department also facilitates the implementation of the St. Clair County Solid Waste Management Plan by promoting source reduction, recycling, materials recovery, composting and licensing of waste transport vehicles.

Resource Recovery

The Department administers two other environmental programs, the Household Hazardous Waste Program and the Recycling Drop Off Program. The Recycling Drop Off services are provided at ten sites located in those areas of the county, which do not have curbside recycling service. Residents with hazardous materials may bring these items to one of the Household Hazardous Waste Collection Centers, which are located at Smiths Creek Landfill and Clay Township Fire Department. This service is available to residents free of charge. Businesses with hazardous materials can call for information regarding disposal options for commercial enterprises.

Remonumentation

The St. Clair County Remonumentation Grant Program is administered by the Landfill Department. The program, created by Act 345, P.A. of 1990, as amended, has offered the Grantee an annual grant amount funded by recordation fees collected by the Register of Deeds for the monumentation and remonumentation of controlling property corners. The Department collaborates with Administration, Board of Commissioners, other county departments (Lands and Graphics, Register of Deeds, Road Commission, and Drain Office), private industry, State officials and consultants to develop annually the Remonumentation Plan and the operating and long-term capital budgets.

LANDFILL - Continued

Capital investment supports new methods and technologies, such as “fast track GPS” s, Continuously Operating Reference Station (CORS), and the creation of a searchable digital database of public land records to reduce program costs and improve quality.

MISSION

To design and implement service mechanisms that enhance positive community outcomes.

CORPORATE VISION

St. Clair County government exemplifies the values, beliefs and aspirations of our community.

CULTURE STATEMENT

In our community, members easily and naturally attune to what is best for themselves and the group. When they sense an imbalance, they give immediate attention and clear feedback to the others – just as the brain, heart, and other organs of the body – enabling each to make whatever adjustments are needed to bring the system back in balance. Every member knows how to lead, follow, listen, speak from the heart, and mediate conflicts and performs these functions spontaneously whenever a situation calls for them.
