

Hazmat Needs Your Assistance

Join Our Team!

St. Clair County is looking for enthusiastic first responders and general public volunteers to join the St. Clair County Hazmat Team. This team is not an average volunteer group as you will be training and serving your county during an emergency situation. Team members must be able to pass a background check, physical and a drug screening.

This specialty team requires significant time, training and physical ability.

Time & Training (Minimal Training Requirements)

- 4 hour awareness class
- 24 hour operations class

As a Hazmat team member you will be activated to assist a fire department with chemical emergencies or Homeland security event.

*** All training is provided**

Physical Ability

-Volunteers must be in good physical condition as this volunteer group requires strenuous work and working conditions.

-In many cases you will be wearing a Hazmat suit and will be walking long distances to reach the emergency site.

If you feel that you and/or your skills may be helpful to the Hazmat team please feel free to contact Julie Wallace at jwallace@stclaircounty.org or at 1-810-989-6965.
